Our activities and programs are safety focused, SunSmart, creative and rewarding for all children. They also represent excellent value for money.

Out of School Hours Care is not just for children whose parents can't collect them early. Extend programs are for any child who wants to join in the fun activities and experience new adventures. Extend is a great place to enjoy an activity, learn something new and spend fun time with friends. All children are provided with nutritious snacks. Parents are also welcome to join in the fun at Extend. Call in at any time to collect your child or spend time in the program with them.

Registration forms and enrolment details are now available from Extend and the school office. All enrolments are taken through the Extend office by phone and email and all families will be eligible to receive Family Services Child Care Rebates if their child is linked to the program.

Children must be registered in advance before participating in any out of school hours activity with Extend. An annual registration fee of \$20.00 per family applies.
